MIZERO Ndolimana Kelya

Computer Science Student

I am a final-year Software Engineering student with a strong interest in building practical systems that manage users, records, and transactions. I enjoy learning through practice and improving my skills through academic projects. I am motivated to grow professionally and support organizations through reliable and well-organized software solutions.

Education

- **RWANDAN ADVANCED CERTIFICATE OF EDUCATION**
From January 2019 to August 2022 **GSOBUTARE** RWANDA/BUTARE
- **Bachelor of Science In Software Engineering**
Since July 2023 **INES RUHENGURI** RWANDA/MUSANZE

Projects

- **Client & Records Management System**
From November 2025 to December 2025 **INES RUHENGURI** Musanze
 - Developed a system to register, update, and view client information.
 - Focused on structured data storage and easy retrieval, similar to insurance client systems.
- **Transaction & Data Tracking System**
From January 2026 to February 2026 **INES RUHENGURI** Musanze
 - Worked on a system to record transactions and track historical data.
 - Improved understanding of accuracy and consistency in data handling.

Technical Skills

Cross-Functional Communication

Clean Code Development

Debugging & Troubleshooting

Computer skills

Python programming

JavaScript development

C and C++ programming

SQL database management

Web development with HTML and CSS

Version control using Git and GitHub

Basic backend logic and data handling
